Date: 23/09/24

Dear Parent/Guardian,

We are pleased to inform you that your child has been selected to participate in a **Health and Wellbeing Transition Day** at **Mountain Ash Comprehensive School** on **Wednesday, 25th September**.

The transition day is designed to help learners become familiar with their new school environment while engaging in a range of activities that promote health and wellbeing. It will also provide an excellent opportunity for students to meet staff and peers, easing their transition to secondary school.

Learners will be collected from their primary school by bus, accompanied by a member of staff. The bus will depart in the morning and return your child to school before the end of the school day, ensuring there is no disruption to your regular pick-up arrangements.

Please ensure your child is dressed in suitable clothing for physical activities. Learners will also be provided with lunch at MACS.

Kind regards,

Robert Phelps
Assistant Headteacher
Mountain Ash Comprehensive School
